

SIGAI General Meeting – 9/25

SIGAI

<http://sigai.ml>

September 25, 2017

Overview

- 1 General Annoucements
- 2 Survey Results
- 3 Meeting Activities Today
- 4 Upcoming Events
- 5 Tensorflow Workshop Review

General Announcements

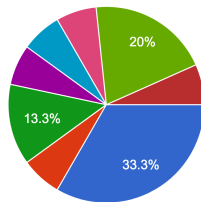

- ACM Exec Announcements
- SIGAI This Week
 - Tensorflow Workshop happened 9/21

Survey Results

Survey Results

How did you hear about SIGAI?

15 responses

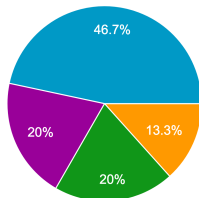

- Returning Member
- From an current/previous member
- Quad Day
- Class Outreach (Piazza/in class announcement/etc.)
- SigAI Website
- SigAI Facebook Group
- ACM Open House
- ACM Website
- ACM Facebook Group

Survey Results

Which academic standing fits you best?

15 responses

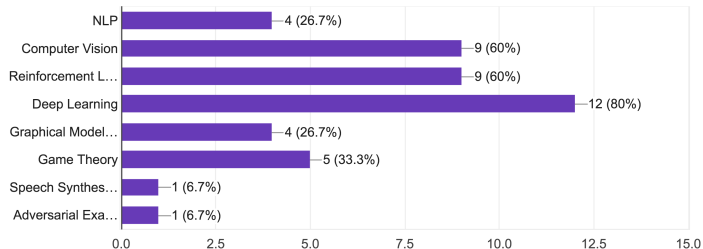

- Alumni
- PhD Student
- Masters Student
- Senior (expected graduation 2018)
- Junior (expected graduation 2019)
- Sophomore (expected graduation 2020)
- Freshman (expected graduation 2021)

Survey Results

What topics are interested in?

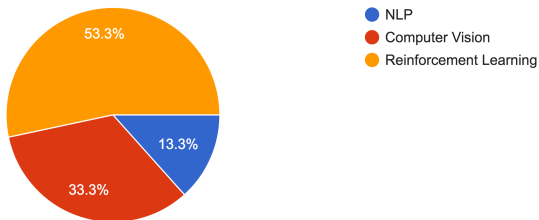

15 responses

Survey Results

Which group are you most interested in?

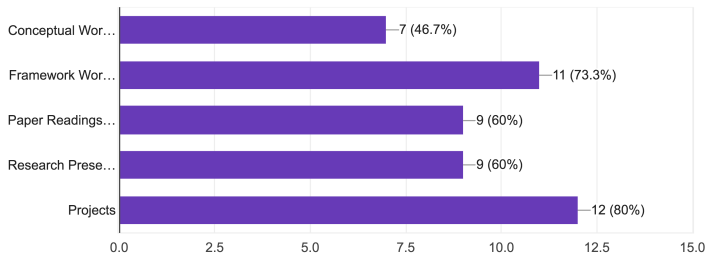

15 responses

Survey Results

What is some of the content you would like from the interest group?

15 responses

Anything we missed?

1 response

TensorFlow lesgo

- Dominic will go over Single Shot Detectors

- William Barbour will be giving a presentation about his research and application of Reinforcement Learning.

Upcoming Events

- Intergroup discussions
- SIGAI might be running a PyTorch Workshop for general ACM members (TBD)
- Aim for Spring EOH projects

Tensorflow Workshop Review

- There was a bug in the workshop slides with LeNet.
- GitHub was updated, so make sure you check that.
- Akshay will give a small review of main ideas and how to structure Tensorflow Code
